This report has been generated with data provided by local fire departments. Information within this report should not be substituted for final investigative reports.

Questions about the enclosed data should be directed to the North Dakota Insurance Department, Office of the State Fire Marshal.

Greetings

From the Insurance Commissioner

My fellow North Dakotans,

In 2023, the 68th Legislative Assembly approved Senate Bill 2211, moving the Office of the State Fire Marshal to the Insurance Department. This legislation better positioned our state to protect people and property from the hazards associated with fire. The State Fire Marshal's staff are working to better educate communities on how to mitigate fire risks, investigate cases of arson, and inspect buildings and facilities. It's a lot of responsibility, but we're taking the work head-on.

We all succeed when our fire service succeeds and lives are saved.

A handwritten signature in black ink, appearing to read "Jon Godfread". The signature is fluid and cursive.

Jon Godfread

From the State Fire Marshal

Greetings!

The Office of the State Fire Marshal was active in 2022. In recent years, we have seen a decrease in intentionally set fires and total fire incidents, while an increase has occurred in fatalities and dollar losses from fires. With this data, we will be able to analyze how we can best position our educational and investigative resources.

In 2023, with our move to the Insurance Department, we have been actively working to enhance our Community Risk Reduction initiatives to reach all corners of the state and offer more opportunities for fire departments to learn.

This report illustrates reported fire incidents and fatalities for 2022. We hope you join us in using this report as a resource to help guide our state in being the safest in the nation.

A handwritten signature in black ink, appearing to read "Doug Nelson". The signature is fluid and cursive.

Doug Nelson

Reported Incidents

North Dakota fire departments reported 51,523 total incidents in calendar year 2022, an increase of 3,282 from the prior year.

Incident Type (Code)	Total #	Total %
Fires (100s)	2,727	5.3%
Explosion (200s)	107	0.2%
Rescue/EMS (300s)	31,801	62.2%
Hazmat (400s)	1,972	3.9%
Service Calls (500s)	3,088	6%
Good Intent (600s)	5,318	10.4%
False Calls/Alarms (700s)	5,744	11.2%
Severe Weather (800s)	54	0.1%
Special Incident (900s)	282	0.6%
Unknown	25	0.1%
TOTAL	51,118	100%

Fire Incidents

By incident type

Type	Total #
Structure	912
Mobile Home	39
Vehicle	606

Outside Rubbish	256
Special Outside	98
Crops	76
Other	79
TOTAL	2,727

Dollar Loss

Total dollar loss attributed to fire in 2022

 **48,606,558**

On average...

 Fire loss per hour
\$5,549

 Fire loss per day
\$133,169

 Fire loss per resident
\$62

Top Reported Fires in 2022

 Type of Fire	Structure 912	Natural Vegetation 661	Vehicle 606	Outside Rubbish 256	Special Outside Fires 98
 Origin	Undetermined 14.6%	Engine Area, running in gear, wheel area 12.1%	Outside Area/ other 11.9%	Open Area, including farmland and field 11.2%	Cooking Area 8.9%
 Heat Sources	Undetermined* 999	Radiated, conducted heat from operating equipment 231	Spark, ember or flame from operating equipment 169	Arcing 159	Heating from powered equipment, other 130

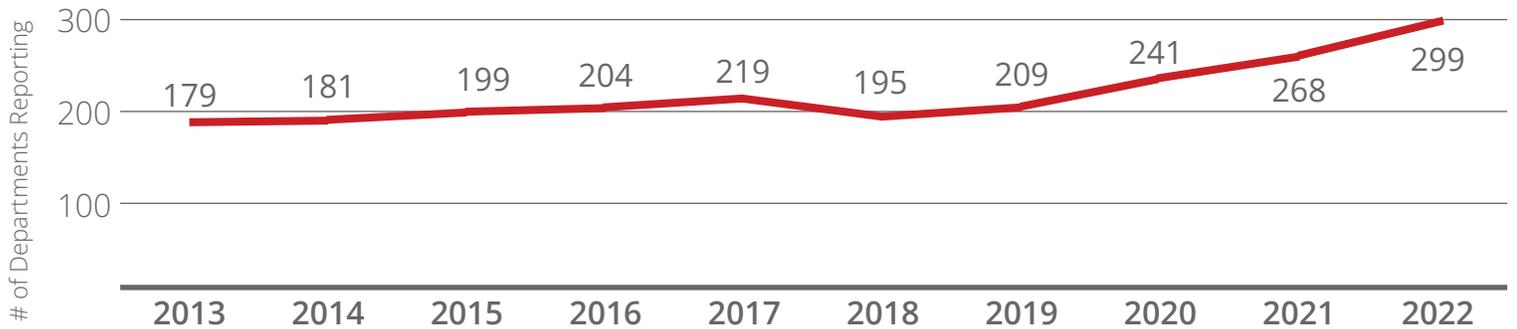

*Undetermined heat sources is a default answer when local fire departments are unable to confidentially identify a source. Instances include fires that spread beyond the room of origin, complex fires and a knowledge gap of reporting systems. The Office of the State Fire Marshal is working to address this by providing educational opportunities, communicating investigation findings and reporting reminders.

Fire Department Requirements

In 2022, North Dakota had 365 registered fire departments. Two hundred ninety-nine fire departments actively report incidents to the State and Federal systems (National Fire Incident Reporting System). While the Office of the State Fire Marshal has made great strides in increasing fire reporting (up from 195 in 2019), we still have work to do. To help close this gap, the State Fire Marshal notifies fire departments that need to report each year, offers assistance, and provides information on software fire reporting tools made available by the state forestry department. If warranted, Fire Insurance Tax Distribution funds are withheld if a fire department does not comply or show reasonable efforts to comply with reporting requirements. With these initiatives, we expect to continue increasing fire reporting to ensure our data is as accurate and reliable as possible.

For the reporting year 2022, North Dakota had 19 fire departments that did not maintain the minimum level of service required under the North Dakota Century Code. Though it is drastically lower than the 2019 level of 73 departments, ensuring all fire departments certified through the State Fire Marshal maintain the minimum level of service to residents and taxpayers is a priority. Fire departments that do not meet necessary thresholds set by law are notified, and opportunities are offered at no cost to educate local leaders on steps needed to meet state requirements and identify resources within the state to assist them. Failure to comply or engage in efforts to comply may result in the withholding of state funds. The objective is to secure the compliance of 100% of the departments in the state.
